The Upper House x Victoria Tang-Owen Christmas Tree “A Handmade Christmas”

Each festive season, The Upper House commissions an architecture and design studio to create a bespoke Christmas tree. For 2021, multidisciplinary creative design firm Victoria Tang Studio presents a East-meets-West concept that draws on Chinese heritage and traditionally Western Christmas foliage to create a sustainable, culturally diverse Christmas Tree.

Inspired by classic East Asian folding screens and Chinese craftsmanship, “A Handmade Christmas” tree is composed of triangular panels that reinterpret the traditional Christmas tree shape in a modern context. Each panel is embellished with a refined Chinese hand embroidery technique that draws on a 2,000-year-old artisanal “Dragon’s Robe” design that was once used for the Emperor and incorporates a distinctive “hand-twisted” gold thread.

In keeping with The Upper House’s annual tradition and the spirit of giving, we have partnered with The Hong Kong Down Syndrome Association to create a convenient donation platform. All proceeds benefit The Hong Kong Down Syndrome Association and as well as making a positive impact, a donor will receive their own Christmas surprise after the exhibition period!

Private Events

Host a private event in the André Fu Suite, fireside dinner in the Sky Lounge or cocktails under the stars at The Lawn.

From gatherings in the Green Room or a chef's table experience at Salisterra, to privatisation of the terrace or whole venue at The Continental, we welcome groups of all sizes at our House for your year-end festivities.
